A Warm Welcome

On behalf of both Stockport Safeguarding Children and Adult Partnership, we are delighted to welcome Katie Bates who is the Safeguarding Partnerships Lead.

Katie started on the 12th July and brings valuable experience from the Aspire Service. There will be a short handover from Colin Jones, and we are sure you will give a warm welcome to Katie as she attends meetings, virtually and maybe in person as the rules allow, with you all soon.

At the same time, we are delighted to announce the appointment our new Safeguarding Adults Board Training Manager, Nicola Chester.

Nicola is a passionate advocate of the importance of multi-agency safeguarding and, in the past, she has promoted good practice and partnership working.

Nicola is really excited in having the opportunity to work with colleagues across the Safeguarding partnership and looks forward to meeting with you all in the future.

New NICE Guidance on Safeguarding Adults in Care Homes

NICE National Institute for Health and Care Excellence

The new [NICE guidance](#) covers keeping adults in care homes safe from abuse and neglect. It includes potential indicators of abuse and neglect by individuals or organisations and covers the safeguarding process from when a concern is first identified through to section 42 safeguarding enquiries. There are recommendations on policy, training, and care home culture, to improve care home staff awareness of safeguarding and ensure people can report concerns when needed. Can we encourage our care providers to familiarise themselves with the guidance and ensure they are working towards the recommendations set out.

It's also an opportunity to thank everyone who inspires hope in others, from the neighbour who checks in each week, to Stockport's mental health support workers. Even the smallest act can change a life.
